

The DPI product of the year award is not the first time that Magic GFPHOTO has been honored. GFPHOTO helped Mutoh win first place in the solvent ink jet category in the DIMA (Digital Imaging Marketing Association) Digital Printer Shoot-Out at the Photo Marketing Association trade show earlier this year.

“As one of the pioneering providers of specialty media for solvent ink jet printers, we are pleased to see the value of our products recognized by some of the industry’s most notable organizations,” said Ed McCarron, product manager at InteliCoat Technologies. “This latest honor provides further validation of our commitment to deliver the high-quality materials our customers need to capitalize on the exciting new digital imaging applications and technologies of today.”

For more information about Magic GFPHOTO or other Magic brand media, call 800-628-8604 or visit the Web site at [www.magicinkjet.com](http://www.magicinkjet.com), where free sample rolls may be requested.
