

Jet Set®

PAPER & FILM

InteliCoat Technologies® offers a wide range of high quality, consistent products for every CAD application. Jet Set® Papers and Films will provide you with the very best performance in your ink printer for full color, spot color, and monochrome printing.

Coated Paper

JSO-24

Coated 24# ink jet paper designed for use in CAD and full-color plots. This bright, white paper offers the broadest range of attainable colors.

Excellent for color output on most CAD ink jet printer systems.

JSO-24HR

Coated 24# ink jet papers specifically designed for high resolution mapping, technical drawings, and other fine line applications. This unique coating works especially well in Hewlett-Packard printers.

JSO-36

Heavyweight 36# coated ink jet paper for full color presentations where added stiffness and stability are required.

Ink Jet Bond Paper

JSB-20

All-purpose 20# plain bond paper that is economical, yet durable and strong. This bright, white sheet is ideal for spot color and high monochrome contrast.

FILMS

JR440IJME

4 mil double matte, image-erasable film. This spot color film has redraw capability and is perfect for long lasting contract documents.
