

MAGIC® POS PRO™ 300+
Printable Anti-Curl Block-out Film
Matched with
SEAL® Jet Guard Deep Crystal®
Heat-activated Over-Laminating Film

Providing a High Performance
Durable, Cost Effective
Tradeshow Graphic Solution

MAGIC® POS PRO™ 300 is an 100% opaque, 13.8 mil polyester inkjet printable backer used in conjunction with low melt heat activated or cold laminates to produce cost-effective, high quality, durable trade show graphic or Point-Of-Sale displays.

SEAL® JET GUARD DEEP CRYSTAL® is a unique film with an outstanding scratch resistant, crystal-textured satin finish. "Deep Crystal" hides finger prints and scratches, making it a great choice for displays that need a lot of handling.

For more information about Magic® brand media call 800-628-8604 or visit the web site at www.magicinkjet.com, where free sample rolls may be requested.
