

MAGIC ADHERE6

6 mil polyester window film
with low tack psa (gloss)

PRINTER COMPATIBILITY

DESCRIPTION

Magic ADHERE6 is an optically clear window film with a removable adhesive. ADHERE6 features a 6 mil, polyester base film that will not stretch or shrink from heat or sun exposure. The proprietary coatings provides excellent print quality, scratch, water and fade resistance for a durable, long lasting window graphic. ADHERE6 installs easily wet or dry and leaves no residue behind.
